To the Honorable

The Board of Directors
City of Seattle Washington

Gentlemen,

Noticing there was a lack of information concerning a Bill I put in last month for the sum of Forty five dollars for the recovery of a horse belonging to this Department, I herewith submit a brief statement of the facts of the case.

June 12th 1891 The horse was turned out on Snyder's Pasture on White River.

June 19th 1891. He was reported gone. I sent two men up White River on horse-back to look him up. One of them going as far as Tacoma after going all over that country for almost a week, and finding no trace of him. I made up my mind he had been stolen. I then got out the circular as attached hereto, offering a Reward of \$2500. I mailed them all over this part of the State

and through that medium I found the horse at North Bend and had him returned here. I took upon myself to offer the Reward as time is a very important factor in a matter of that kind. and I felt it warranted the expenditure of forty or fifty dollars rather than the loss of a Hundred and fifty dollar horse.

Very Respectfully
